Digital Scriptorium website enhancements

Submitted by Lynne Grigsby, Technology Host, Digital Scriptorium
Head, Library Applications and Publishing
UC Berkeley Library
lgrigsby@library.berkeley.edu

A number of website enhancements were implemented on the [Digital Scriptorium website](#) the morning of Thursday, September 15.

1. We are now displaying title, description, country, century, and number of images for each item in a search result.
2. In search results, we are now offering country, language, century, and location facets to refine results.
3. We have increased the size of the thumbnails which display in the full record display. Example: http://ds.lib.berkeley.edu/BANCMSUCB003_1
